# Satellite phone with GPS and GmPRS

*Thuraya SO-2510 is the smallest satellite handset in the industry, setting the standard in satellite communication technology today.*

*Powerful and compact, Thuraya SO-2510 offers a blend of convenience and mobility. Enjoy uninterrupted, seamless, border-to-border satellite telecommunication services in more than 140 countries across Europe, the Middle East, Asia, Australia and Africa. So if you are in Thuraya's coverage area, you can make calls to, and receive calls from, any destination in the world.*

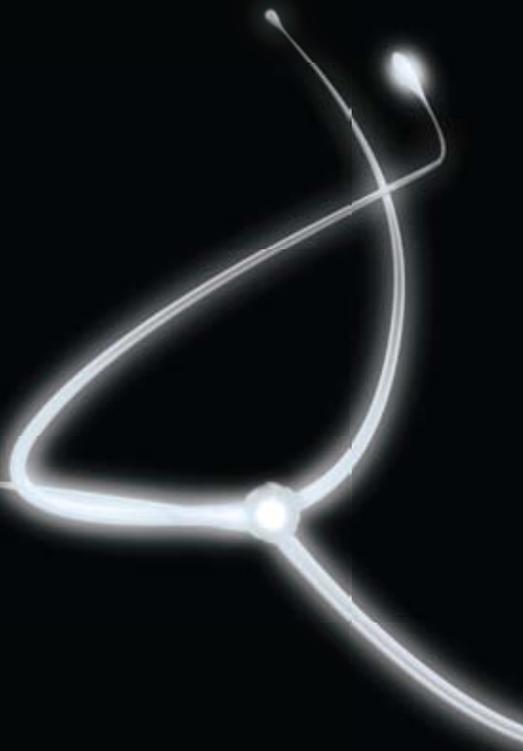

Thuraya-2510 expands the boundaries in communication, giving you connectivity where you need it most.

Smallest  
in size

*Carrying a satellite phone has never been easier. As the world's smallest and lightest satellite phone (only 130g), Thuraya SO-2510 is designed to be highly portable and easy to use.*

*Unlimited Mobility* Get mobility and the ability to stay connected in places where terrestrial and GSM communications are unavailable. In addition, the phone is dynamically designed for high performance satellite telephony in remote areas.

# GPS Services

*Thuraya SO-2510 offers superior GPS navigation capabilities that allow you to find locations and reach destinations quickly and safely.*

*Wide Range of Services Access a wide range of services including voice, data, fax, SMS as well as GmPRS, thus giving you complete communication solutions.*

*More Features Thuraya SO-2510 comes with a colour screen while also supporting 12 languages including Arabic, English, Farsi, French, German, Hindi, Italian, Portuguese, Russian, Spanish, Turkish and Urdu.*
