Unlimited Iridium to Iridium voice calls (subject to Iridium's FUP available on request) - Minimum commitment 1 month, standard billing terms apply	\$29.00
+1 Access - This option provides a US (+1) phone number that is linked directly to your satellite phone, allowing the PSTN caller to be charged at International Call rates rather than the high charges for calling the 8816 Iridium code direct. The caller pays for the standard international call to the +1 number, the Iridium account holder pays for the satellite portion, charged at the rates on this agreement.	\$7.25

- Notes all plans**
- The day of activation is the first day of the minimum contract period.
 - Monthly subscription charges are prorated in the month of activation, are charged in advance and will be charged a full billing month on deactivation regardless of what date in the month the service is deactivated.
 - The full month charge/allowance will only apply if activated at the start of a billing period.
 - If an activation is made in the middle of a billing month both the subscription fee and allowance are prorated.
 - A service can be upgraded at any time or in line with the next billing period. A new minimum period will apply once upgraded. For mid-month upgrades, the initial package will remain chargeable and the new subscription and allowance will be prorated.
 - Any changes to plans (including moving SIMs into a DSG) will result in a new minimum term. SIMs can only be moved into a DSG in line with the billing period.
 - A Crew SIM is a SIM card with 697 in the SIM number (8988169700000****), these SIM cards can be used with the crew calling scratch cards. These SIM cards cannot be activated with the new 2023 plans.

Dynamic Shared Group (DSG)

- Some plans are able to be included in a Dynamic Shared Group (DSG) (see above)
- The DSG is for voice services only. SMS are not included, they stay as a single SIM allowance, and are charged as overage once the allowance has been consumed.
- All DSGs are billed by calendar month.
- Monthly Charge/Allowance for a Dynamic Shared Group (DSG) = Monthly Allowance per SIM multiplied by Number of SIMs in the DSG.
- A 10% premium applies to the monthly subscription and overage charges.
- A DSG has to be approved by Iridium, please contact your Account Manager for more details. Please allow 5 days to complete the process.
- All SIMs in the DSG need to be on the same Plan.
- A DSG can be created once there are 5 active connections. If the number of SIMs drops below 5 at any time, the monthly charge will be for the equivalent of the minimum (5 SIMs). However, the Allowance will be based on the actual number of SIMs multiplied by the Monthly Allowance per SIM. Overage will apply once the allowance has been consumed.
- Addition and removal of SIMs in a DSG can only take place at the start of a billing period (month).
- Services activated mid month will be billed as a standard plan and will be added to the DSG in line with the bill run. No ETF or new minimum period will apply.
- There is no rollover of unused allowance.
- The minimum term for a DSG is 12 months, the Early Termination Fee is equal to the Monthly Subscription multiplied by 5 (Minimum number of SIMs in the DSG).
- Each SIM card has the standard ETF SIM card rules, as per the Minimum Contract Period above. After the Minimum Contract Period is completed, they can be moved in/out of the DSG with no penalty.
- A DSG can be upgraded. No ETF will apply for upgrading a DSG but a new Minimum Contract Period starts.
- DSG's can be used for single organisations such as a Fleet, a Government body or a Corporation. Not to be used across multiple end users or organisations.

AST require email addresses to enable efficient communications. All email addresses will be treated in the strictest confidence and held only in secure systems fully compliant with the latest Data Protection legislation: **One of each address is mandatory to create an account.**

Billing email address

Accounts Payable email address

Notification email address

Billing address is used to provide you with your bill (invoice).

Accounts Payable address is used for credit control communications.

Notification address is used to provide you with important information regarding any changes that may affect your account such as, but not limited to, contractual communication, dispute resolution, and legal matters. This email address will be used as the default to create your account on MY AST Portal.

The notification email address will also be used to create an account on the AST Extranet. The AST Extranet gives you access to a complete information sharing platform that provides you with product and service related information, as well as the latest news.

The email address is used to send important information such as service/portal outage notifications, network changes, etc. You can unsubscribe to the AST Extranet but please consider this as you will stop receiving important notifications which may be business critical.

The notification email address will be used to provide you with product and service information, promotions, AST sponsored events and new technologies which we feel will benefit your business. If you wish to receive these communications, please tick here.

Section 6: Monitor/Suspend

- AST offers 5 monitoring alerts **per period** (period = billing period monthly) with an option to suspend. AST can not monitor Annual Period/Plans.
- This service is offered to assist with usage control, however, if because of system failure or any other reason outside of our control a report is not generated, all usage will be invoiced and due for payment as per clause 3 of our Terms and Conditions.
- We recommend that a suspension limit is set to stop further usage once the service reaches the set limit in any given period; \$2,000 has been set as a default please amend as appropriate.
- Spend \$US alerts are triggered once the entire monthly bundle has been consumed. CDRs within bundle are zero rated.

In the case that automatic suspension of the service takes place, please contact AST to have the service unsuspended - It will NOT automatically unsuspend at the start of the next period.

US\$ monitoring/suspend is based on billable CDRs received from Iridium daily (the CDRs could be up to 24-hours in arrears).
